

# Nursery

## Communication and Language

We are developing our listening and attention skills through singing songs, reading stories and exploring musical instruments.

We are using our language to talk about ourselves, how we look, what our likes and dislikes are and who is in our family.

## Physical Development

We are practising lots of fun fine motor activities to build our hand strength ready for writing.

We are going to the toilet by ourselves and remembering to wash our hands after.

## Personal, Social and Emotional Development

We are separating from our parents and settling in at Nursery.

We are exploring the indoor and outdoor environments and getting to know the rules and routines.

We are building relationships with our teachers and peers.

# All About Me and Autumn

## Creative Development

We are using lots of different arts and craft materials to create various things. We are talking about textures and colours and experimenting with changing colours.

We are role playing in our home corner. We will be speaking about our home life and acting out our experiences.

# Autumn 1

## Literacy

We will be beginning to recognise our names and what sounds they begin with.

We will be mark making and learning how to hold and use a pencil correctly in order to develop our writing skills.

## Mathematics

We are learning to count objects, saying one number for each object. We are also using our fingers to represent numbers.

We are exploring 2D shapes and talking about their properties.

## Understanding the World

We are thinking about ourselves and our families and discussing how we are all different.

We will be exploring the natural world and how things change throughout the seasons.
