

English:

The children will be reading *Treason* by Berlie Doherty in class and use this text to write detailed descriptions, a diary entry and a narrative.

Through our study of the British Monarchy, they will research and produce an information report .

They will learn how to use nouns or pronouns appropriately for clarity and to avoid repetition, use conjunctions, adverbs and prepositions to express time and cause and use a range of fronted adverbials. Children will learn how to punctuate direct speech and use an apostrophe for plural nouns.

Maths—White Rose Maths:

Place Value - Count in multiples of 6, 7, 9, 25 and 1000. Find 1000 more or less than a given number. Recognise the place value of each digit in a four digit number. Order and compare numbers beyond 1000. Identify, represent and estimate numbers using different representations. Round any number to the nearest 10, 100 or 1000. Solve number and practical problems. Count backwards through zero to include negative numbers.. Addition and Subtraction – Add and subtract numbers with up to 4 digits using the formal written methods of column addition and subtraction where appropriate. Estimate and use inverse operations to check answers to a calculation. Solve addition and subtraction two step problems in context, deciding which operations and methods to use.

RE:

What is Buddhism?

Who Siddhartha was and the circumstances that led to him becoming Buddha and achieving enlightenment.

Introduction to Buddhist virtues and beliefs using stories that Buddha told.

**Autumn 1:
Reign Over Us.****Computing:**

E safety and Research skills

PE:

Basketball with Coach Isaacs
Floor Movements (Indoor PE)

Art/DT:

Sketch and paint a Norman coat of Arms.

Music:

Music Composing repeated rhythmic patterns on instruments to make a round.

PSHE:

Relationships Positive friendships, including online
Responding to hurtful behaviour; managing confidentiality; recognising risks online

Science:

Children will learn how to identify common appliances that run on electricity. Construct a simple series electrical circuit, identifying and naming its basic parts, including cells, wires, bulbs, switches and buzzers.

Identify whether or not a lamp will light in a simple series circuit, based on whether or not the lamp is part of a complete loop with a battery.

Recognise that a switch opens and closes a circuit and associate this with whether or not a lamp lights in a simple series circuit.

Geography/History:

Children will learn about some of the causes and consequences of William I's invasion in 1066. Research the kings from the house of Normandy. Learn about the Magna Carta and its influence on life today. Discover some of the achievements of Henry V and Queen Victoria.
