

St. Andrew's Church of England Primary School – Pupil Premium Funding

What is the pupil premium?

The [pupil premium](#) is additional funding for publicly funded schools in England to raise the attainment of disadvantaged pupils and close the gap between them and their peers. In the 2017 to 2018 financial year, schools receive the following funding for each child registered as eligible for free school meals at any point in the last 6 years:

- £1,320 for pupils in reception year to year 6

Schools also receive £1,900 for each pupil who has left local-authority care because of one of the following: •adoption •a special guardianship order •a child arrangements order •a residence order

The DfE pays schools a rate of £300 per pupil for the service premium.

Pupil Premium Allocation for 2017-2018

For the academic year 2017-2018, we have been allocated £42,240 of funding to support our pupil premium children.

This accounts for 32 children on roll, who are eligible for the pupil premium grant. This represents 15% of the whole school.

Intended spending of pupil premium 2017-2018

All school staff have analysed the barriers to learning and potential needs for all of the children who are eligible for the pupil premium grant. The funding will be spent on providing directed time and quality interventions for each child, as well as supporting children and their families with school trips, sports participation, clubs and activities, equipment and resources, and in the future we hope to be able to offer a breakfast club.

Monitoring and evaluation

The impact of many of the interventions and the spending of the Pupil Premium funding can be seen in the attainment information. Further implications are for the attainment of the more able children who are eligible for the funding, and in terms of enabling more children to achieve Greater Depth in all areas. All teaching staff will track and monitor closely the amount of additional support given to all disadvantaged pupils. Adjustments to the way the money is spent will be made according to the needs of the children and the impact of different interventions and programmes of support. This will be analysed alongside the levels of attainment and progress of all disadvantaged pupils in the end of year assessments, overseen by the Senior Leadership Team. The Head Teacher will work alongside the Finance Officer and the Governing Body to ensure the Pupil Premium funding is ring-fenced and spent according to need.
